UK PERIPROSTHETIC INFECTION MEETING 2020

YOU'RE INVITED...

Following the initial first meeting of the UK PJI group last year in Cardiff, we are pleased to announce the second meeting at The Edgbaston Cricket Ground in Birmingham.

It is a multi-disciplinary meeting bringing together Surgeons, Microbiologists, ID Physicians and anybody interested in treating periprosthetic joint infections of both the hip and the knee. It is designed to solve complex problems and bring together consensus statements in the best way to treat periprosthetic joint infection in the UK.

We look forward to welcoming you to Birmingham.
